

# **Charging Station User Guide**

## Preparation

Before you participate, you will need a Huobi Eco Chain and Binance Smart Chain-compatible wallet such as Metamask. To connect Metamask to Huobi Eco Chain and Binance Smart Chain, please follow the steps below

## Setting up MetaMask for PC browser

1. Open your account and click the network selector on the top right corner. Click 'Custom RPC'

Type the following information to add HECO or BSC, then click 'Save' to register HECO or BSC on MetaMask
With the successful registration of Customer RPC, Binance Smart Chain and Huobi Ecochain will pop up in your network options
After setting all networks, add RCG token on your account page. Your RCG token should be listed under these networks.
